How long does warranty coverage last?

10 YEARS NON PRO-RATED

The aluminum components, including frames, posts, rails and pickets are covered for ten (10) years from date of sale for manufacturer's defects that cause peeling, blistering, flaking, splitting, chipping or cracking. This warranty applies to the original purchaser.

This warranty, if applicable, is limited at the manufacturer's discretion to the repair or replacement of the warranted components and in-factory manufacturing labor costs, free of charge. Manufacturer has the right to substitute components that in its discretion are of equal grade, quality and price. Normal weathering and aging of existing components will preclude perfect color match of refinished or replaced components. Craft-Bilt's liability is expressly limited to this warranty.

- Fading, staining or chalking
- Product that has been moved from its original location

- Dents, scratches, corrosion, oxidation, rust, chipping or peeling of painted finish or weathering that results from normal use or wear and tear
- Deterioration due to improper installation, abuse, negligence, vandalism, burns, misuse or improper use and care
